

Multi Age Program November 2019

Children and Program

We sent home our grateful leaves of kind deeds the children did for one another. Hope this allowed you to share with them these positive messages. I know they were eager to tell and share here with us.

This month we will be exploring healthy bodies. We've requested a dental kit from Northern Health to share resources and talk about dental hygiene. And everyone will get a new toothbrush!! I have some physical activities and games that I know the children will enjoy. They are all about games lately which have positive aspects for self-regulation: waiting for your turn, listening & following directions, collaboratively working together and having fun! Another part of healthy bodies is expressing, labeling and managing emotions which are part of our daily interactions already.

Fundraisers:

Nov 15 & 16 we will have a table set up at the Forever Young Craft Fair. We are asking each family to contribute a crafted item or baked goods (with list of ingredients attached). Please package and price items, if you're not sure we have list of pricing from the past.

We also will need volunteers to run our table. A sheet with time slots will be set out in the hallway to choose from.

Upcoming: Small Business Christmas Party Dec 7th. Leading up to our event we have our main raffle to sell tickets for. We'll be passing out booklets to sell. If you're unable to sell all tickets please return by Nov 22.

Raffle prize: Bradley Smoker BS611 w/ cover, flavour bisquettes, thermometer, grilling mats, \$300 Butcher Block gift card!!

The draw will be at the Christmas Event Dec 7 @ 9pm.

Important Dates

Nov 11- Remembrance Day: **Centre Closed**

Nov 15/16- Forever Young Craft Fair – TRCCS Fundraiser

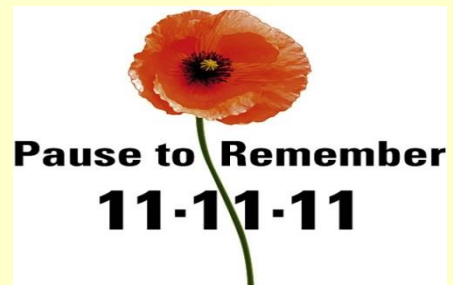

Nov 20- Board meeting 6:30 at the Centre

Nov 24- TR Society for Children's Needs – Family Chilli dinner (more details to follow)

Nov 29 – NID

Thank you

For the shared snack for our Halloween class celebration ☺

We are seeking some gently used mittens, gloves that are water proof as extra sets for the centre. If you have some old ones you're no longer using we'll gladly accept.

Thank you.
